

Clif Bar 2 Mile Challenge

Carson City Community Center

August 13th, 3:00 p.m.

Bicycle Film at 7:00 p.m.

"Ride your bike to the movies! Come join the 2 Mile Challenge in Carson City where we'll be screening the mountain biking epic, "Seasons."

Come see the 2MC bus in full-effect starting at 3pm outside the Community Center; walk through the bus where you can map your 2 Mile radius and figure out how to build a bike that's right for you to take your 2Mile Challenge.

"Did you know... 40 percent of U.S. urban travel is two miles or less? Ride your bike to fight global warming. The biodiesel-powered Clif Bar 2MC bus will be onsite to help educate everyone on the benefits of riding your bike within two miles of your home or work to conduct errands versus driving. Those participating in the two-mile challenge will help all of us cut down on our carbon footprints. Be sure to stop by and check out the bus and for your chance to win some prizes. While you're here don't forget to grab your Clif Bar sample to fuel up with."

"Bike once a week, fight climate change."
